Just a stone's throw away from Oxford, Waterperry Gardens is home to eight acres of beautifully landscaped ornamental gardens and is very well known for having hosted Art in Action for 40 years. In 1977, 51 artists and musicians took part in the first Art in Action and 14,000 visitors arrived.

In 2016, Art in Action welcomed approximately **28,000 people** over four days. Visitors came to learn, buy and enjoy the exhibitions, classes and performances.

**Handmade in Britain was established in 2007** to provide a platform to support and promote design and craft talent through fairs, events and pop-ups. Growing from an autumn fair in Chelsea Old Town Hall, the Handmade in Britain team now organises **four annual fairs** in collaboration with well-known organisations such as Royal Botanic Gardens, Kew ([Handmade at Kew](#)) and Royal Botanic Garden Edinburgh ([Handmade Edinburgh](#)).

Handmade in Britain is continually developing new and exciting opportunities in the world of contemporary craft and design, and earlier this year launched an online marketplace to offer a new digital platform to makers.

With a passion for craft, Handmade in Britain is committed promoting the work of talented makers, designers and craftspeople whilst engaging new audiences.

[Handmade in Britain](#) was established over a decade ago by engineer-turned-designer Piyush Suri, advocate of everything handmade. After working for a few years in the industry, he single-handedly built his initiative to support and promote British designer-makers. Throughout its existence Handmade in Britain has provided a platform to support and promote design and craft talent through fairs, events and pop-ups. Workshops and business mentoring are also key to Handmade in Britain's mission to support the designer-maker communities. As a company we work hard to increase accessibility, create new market opportunities and maintain high standards in the contemporary craft sector, whilst providing a comprehensive support programme for new graduates and up-and-coming design talent. We continue to grow and expand, increasing opportunities for our members and raising our profile within the sector and beyond.
